State Administration for Market Regulation

# Revision of the *Anti-Monopoly Law*

Anti-monopoly Bureau of the State  
Administration for Market Regulation

Qiu Yang, Coordination Office  
October 20, 2020

## Contents

01

Necessity of Revision of the  
*Anti-monopoly Law*

02

Main Considerations for the  
Revision of the *Anti-monopoly Law*

03

Main Process of the Revision of the  
*Anti-monopoly Law*

04

Main Aspects of the Revision of the  
*Anti-monopoly Law*

## Necessity of the Revision

- **The *Anti-Monopoly Law* is a fundamental legal system to protect fair market competition.**
- **Since its implementation in 2008, the *Anti-monopoly Law* has played an important role.**
- **With China's economic and social development, certain provisions can no longer meet the requirements of high-quality development.**

## Main Considerations for the Revision

- **Adhering to meeting China's national conditions**
- **Adhering to serving the development**
- **Adhering to problem-orientated principle**
- **Adhering to learning from others' advantages**

## Main Process of the Revision

- **Solidly carry out theoretical research.**
- **Conduct in-depth domestic research.**
- **Draw experience from international practices.**
- **Widely solicit opinions from all parties concerned.**

## Main Aspects of the Revision

- **Make better use of the institutional function of the *Anti-Monopoly Law* in promoting high-quality economic development.**
- **Further improve the anti-monopoly system rules.**
- **Effectively enhance the enforcement and deterrence of the *Anti-Monopoly Law*.**
